# Organto Files Preliminary Base Shelf Prospectus

**Toronto, ON, Canada and Breda, the Netherlands, August 3, 2023 – Organto Foods Inc. (TSX-V: OGO, OTC:OGOFF; FSE: OGF) (“Organto” or “the Company”),** a leading provider of organic and value-added organic fruits and vegetables, today announced that it has filed a preliminary short form base shelf prospectus with the securities regulators in each province and territory of Canada.

This filing renews Organto’s final short form base shelf prospectus, dated July 5, 2021, and, when made final or effective, will allow the Company to make offerings of common shares, debt securities, convertible securities, warrants and subscription receipts or any combination thereof of up to CDN \$50 million during the 25-month period that the shelf prospectus is effective. The net proceeds from any such offerings may be used by the Company for general corporate purposes, including funding ongoing operations and/or capital requirements, reducing the level of indebtedness outstanding from time to time, settling obligations outstanding from time to time, discretionary capital programs and potential future acquisitions.

The Company has filed this new preliminary base shelf prospectus with a view to maintaining financial flexibility, but has no immediate intention to undertake an offering. The specific terms of any future offering will be established in a prospectus supplement to the base shelf prospectus and this supplement will be filed with the applicable Canadian securities regulatory authorities at the time any such offering is made.

This news release does not constitute an offer of any securities for sale.
